Presentation Overview

- Who We Are
- Graduation Rates
- Child Behavior Outcomes
- Parenting Practices Outcomes

The Parent Training Institute

- The Parent Training Institute started in 2009
- Funded by 4 child-serving agencies
- Purpose: To help nonprofit and civil service agencies deliver and sustain evidence-based parenting interventions
 - Previous efforts used the “train and pray” model
- Triple P delivered in English, Spanish & Chinese languages

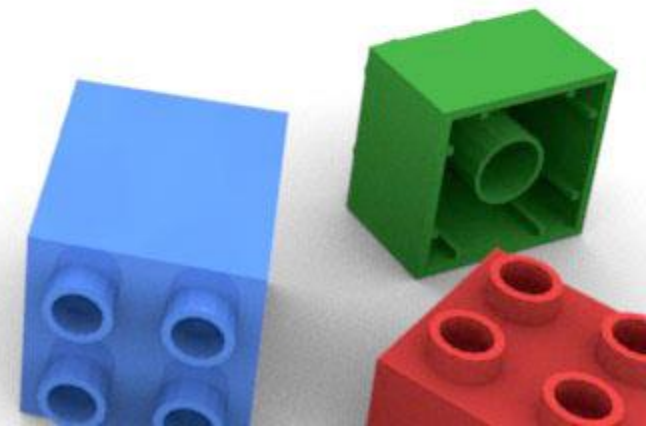

Implementation Framework

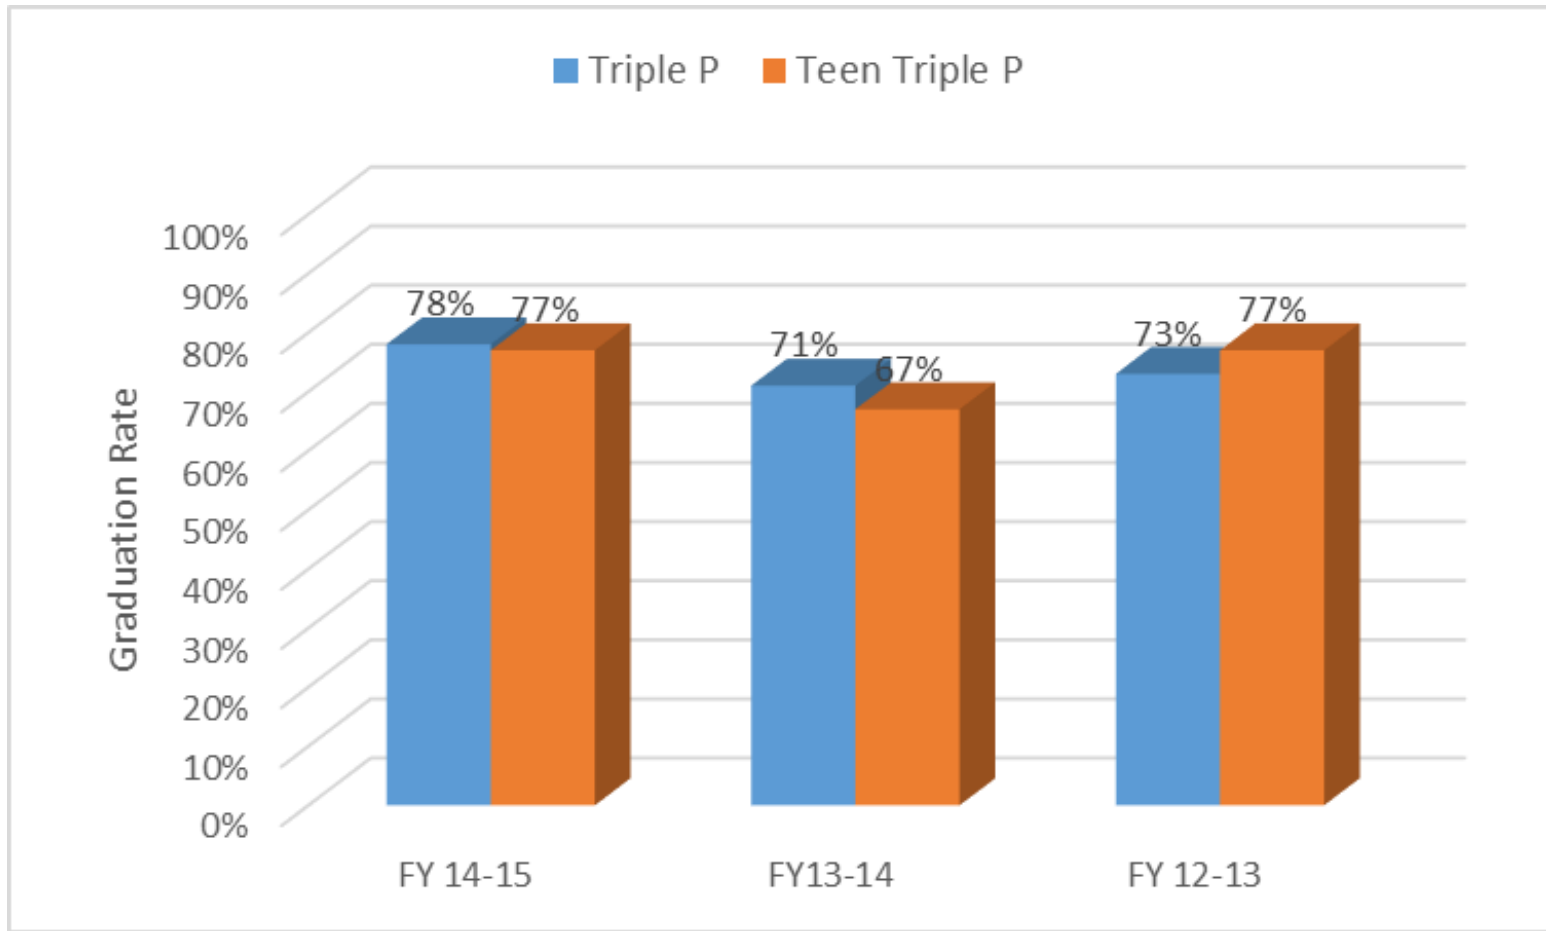

“AESSL”

- *Access*
- *Engagement*
- *Service Effectiveness*
- *Service Appropriateness*
- *Linkages*

(Israel, 2008)

Engagement (graduation)

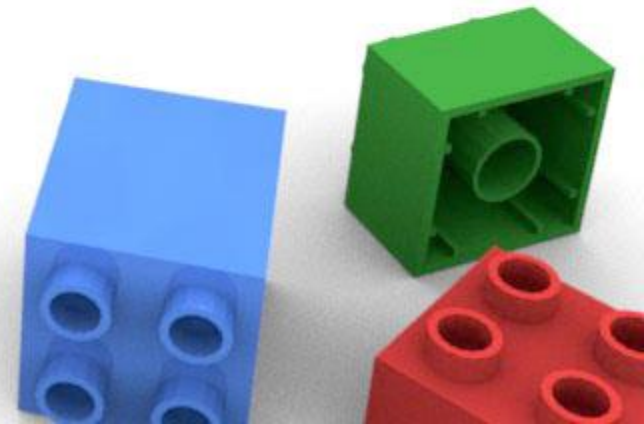

Triple P Outcomes

Parent-report measures are administered at pretest, posttest, 3 month, 6 month, and 1 year follow up in the parent's preferred language (English, Spanish, Chinese)

Domains / Measures

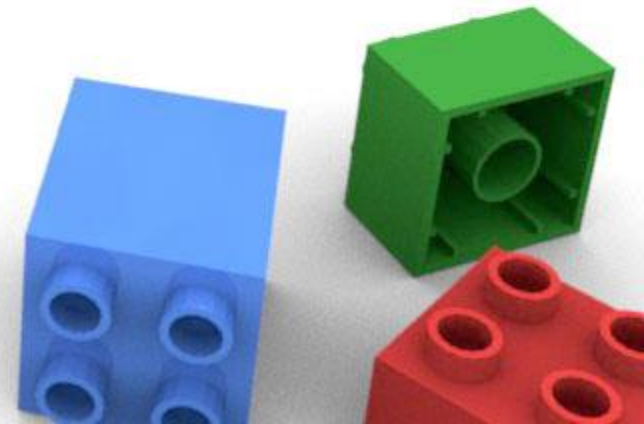

- Parenting Practices (Parenting Scale)
- Child Behavior (Eyberg Child Behavior Inventory – ECBI)
- Parental Stress (Depression, Anxiety Stress Scale - DASS21)
- Service Needs (PTI-developed measure)

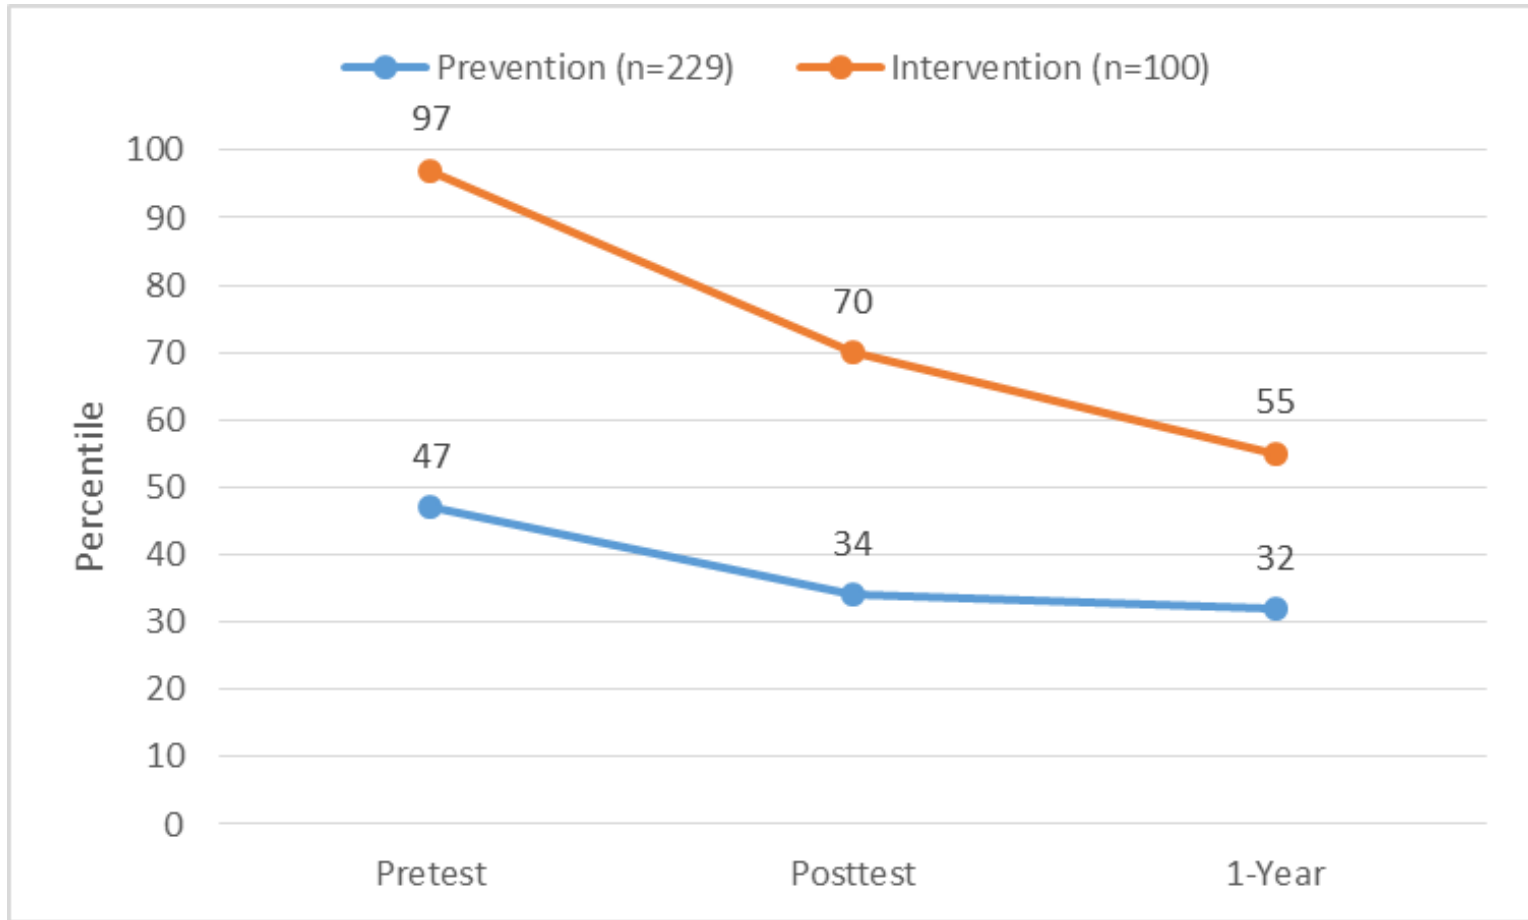

Triple P Child Behavior Outcomes Over Time

The following 2 slides show Triple P 12-month ECBI outcomes for prevention and intervention cohorts:

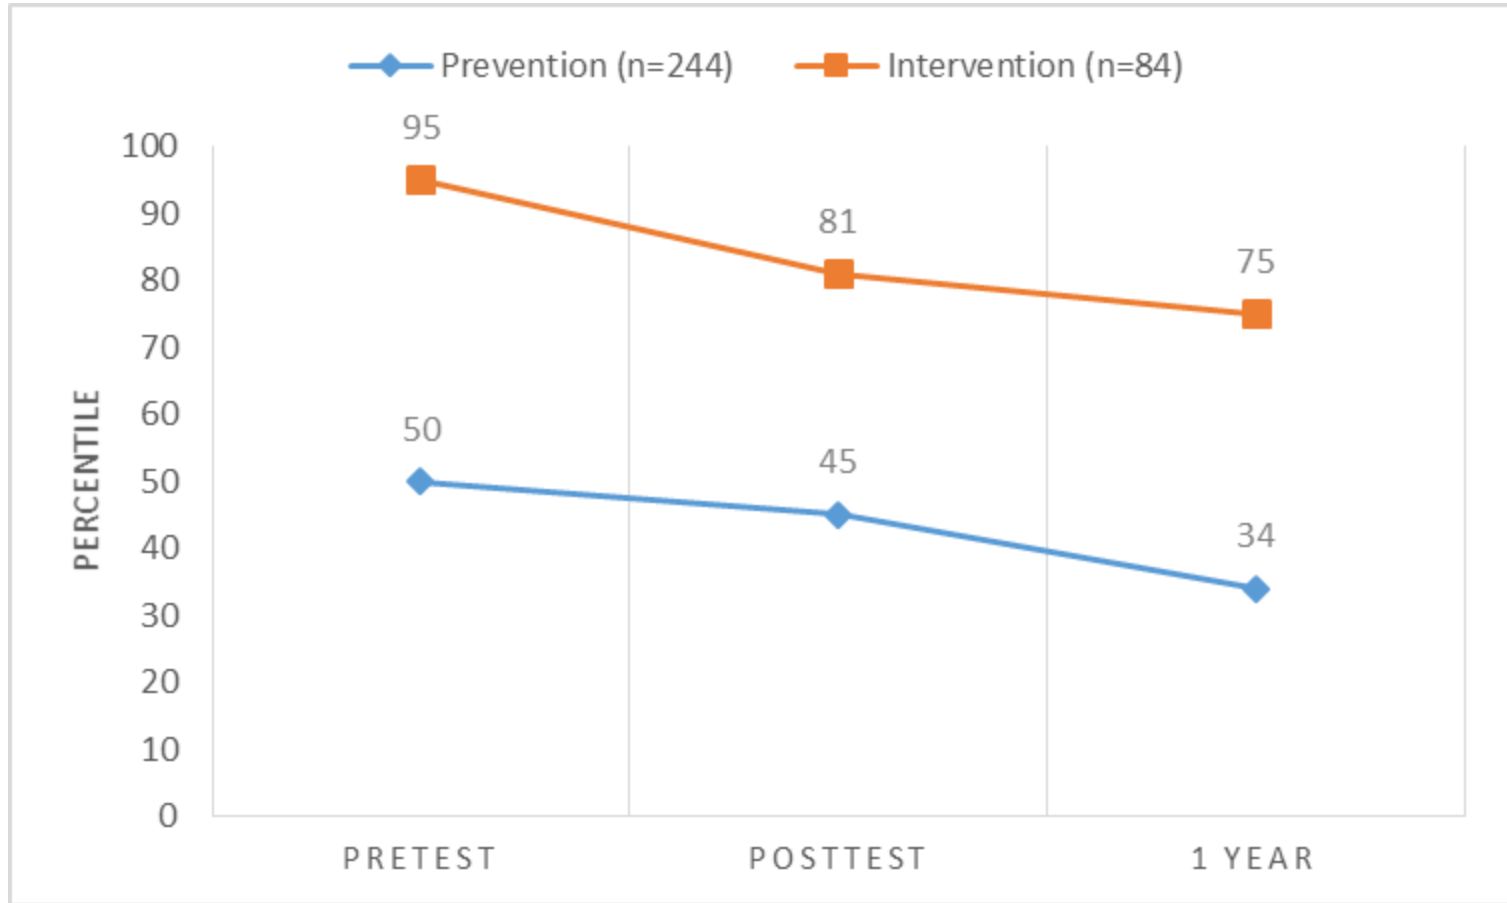

- **Prevention**: Caregivers who scored under the clinical cutoff (84th percentile) at pretest
- **Intervention**: Caregivers who scored over the clinical cutoff (84th percentile) at pretest

Number of Child Behavior Problems

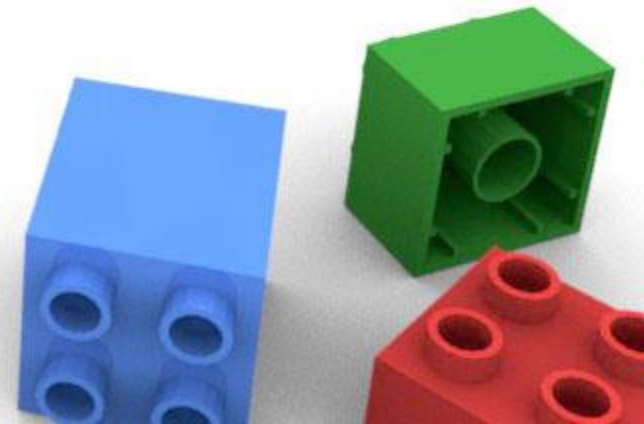

Frequency of Problems

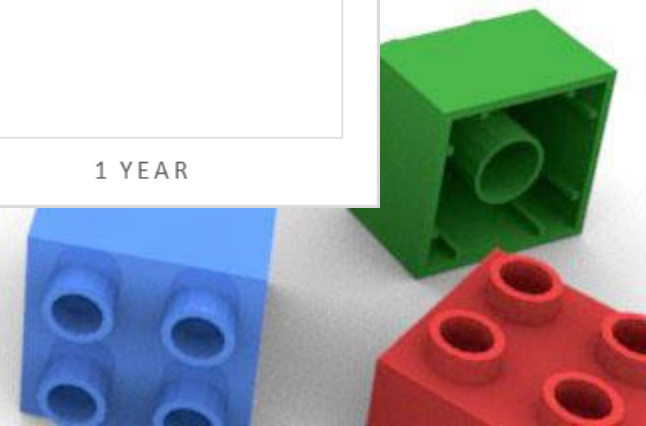

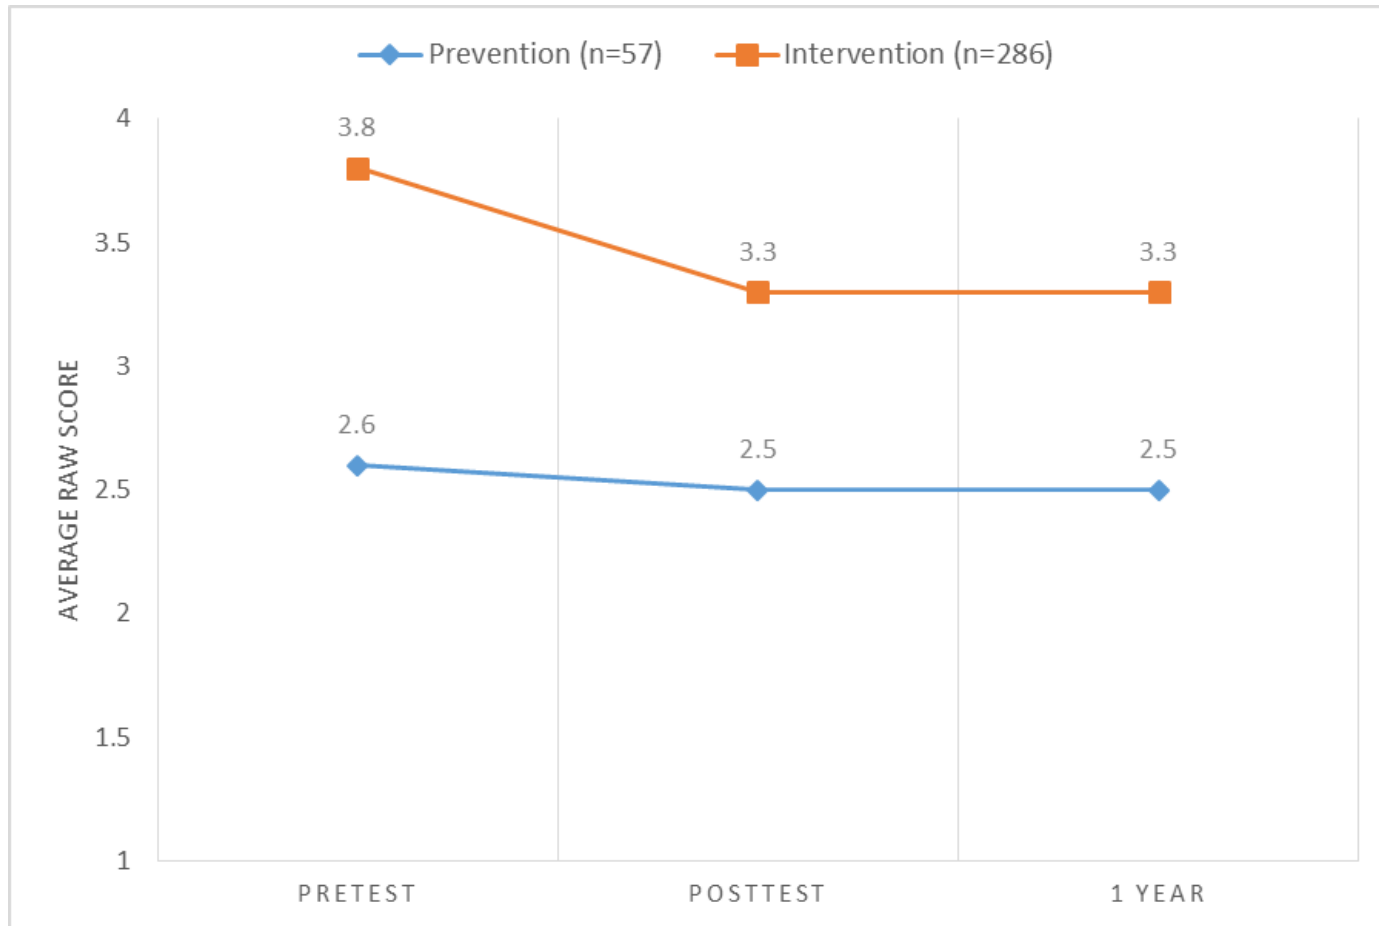

Triple P Parenting Outcomes Over Time

The following 4 slides show Triple P 12-month Parenting Scale outcomes for prevention and intervention cohorts:

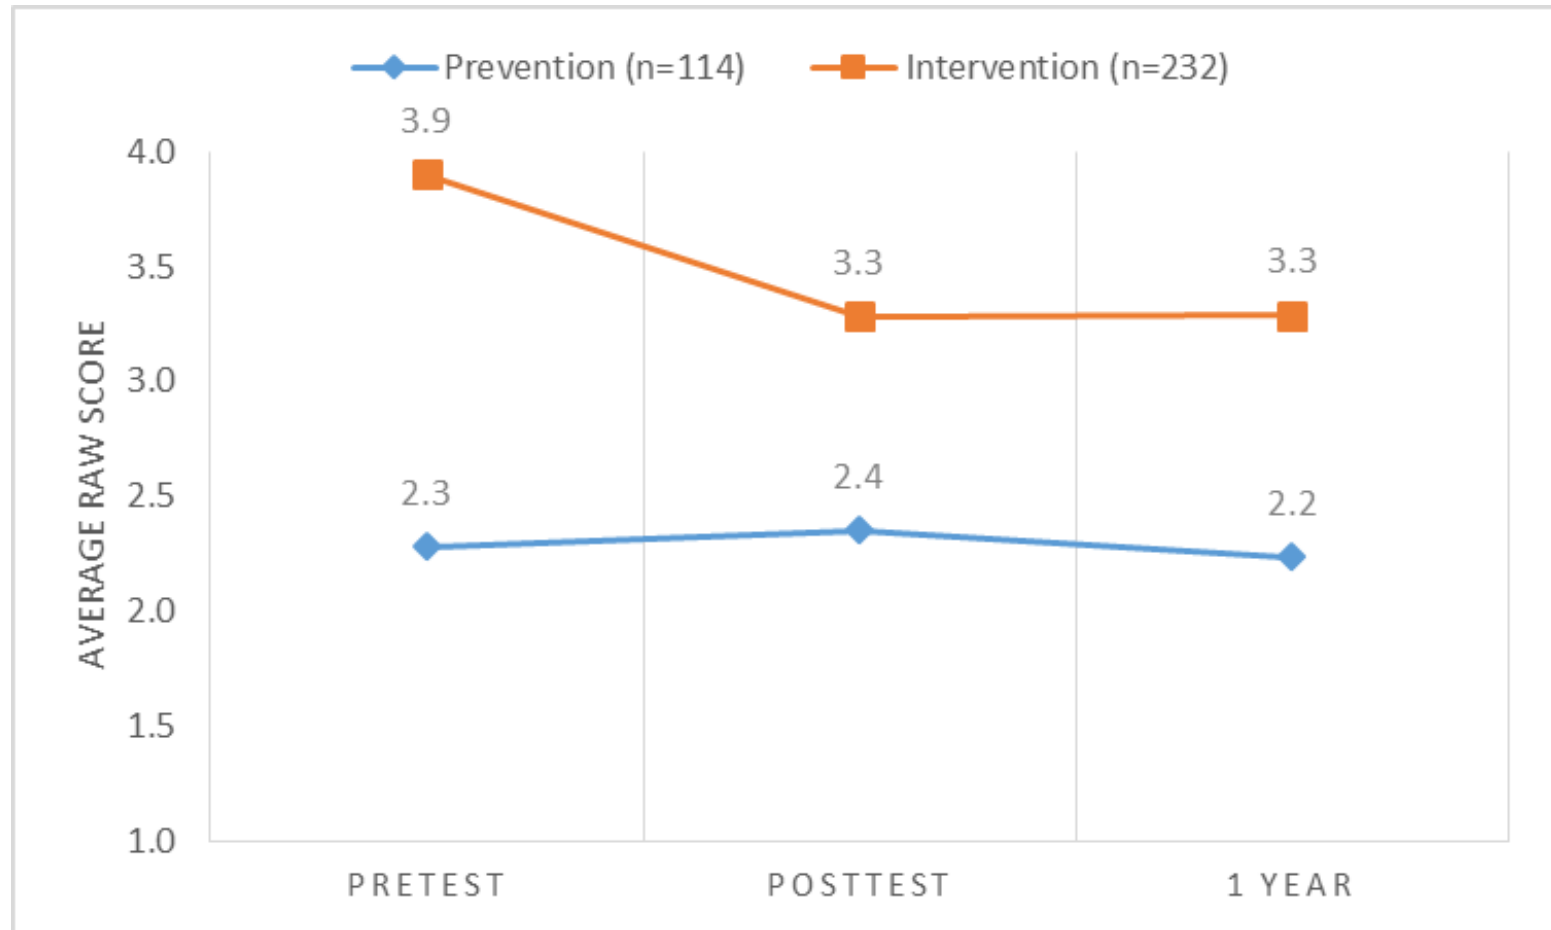

- **Prevention:** Caregivers with a raw score under 3.1 (on a scale of 1 to 7) at pretest
- **Intervention:** Caregivers with a raw score of 3.1 or higher (on a scale of 1 to 7) at pretest

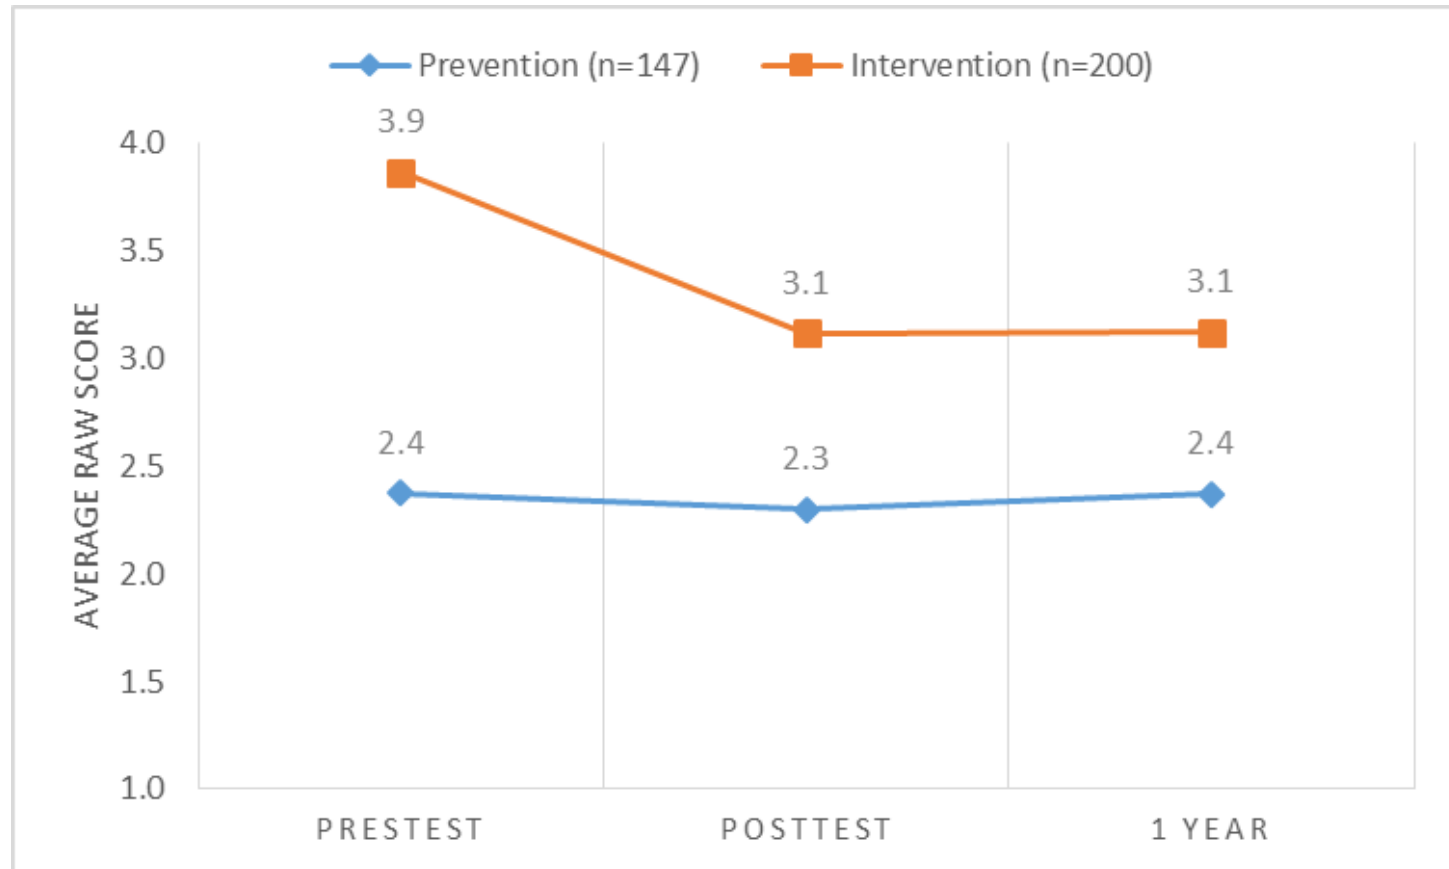

Parenting Scale Total Score

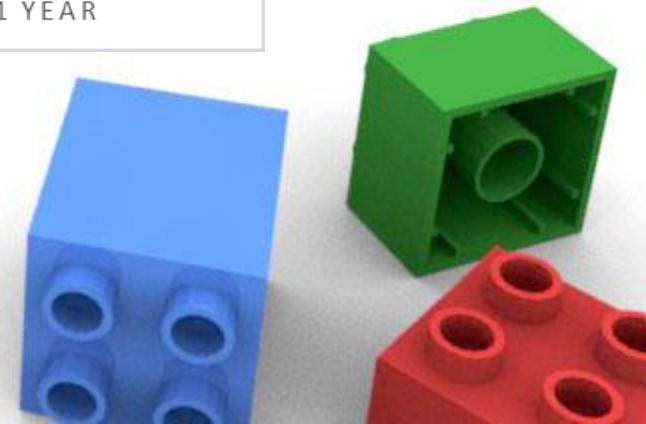

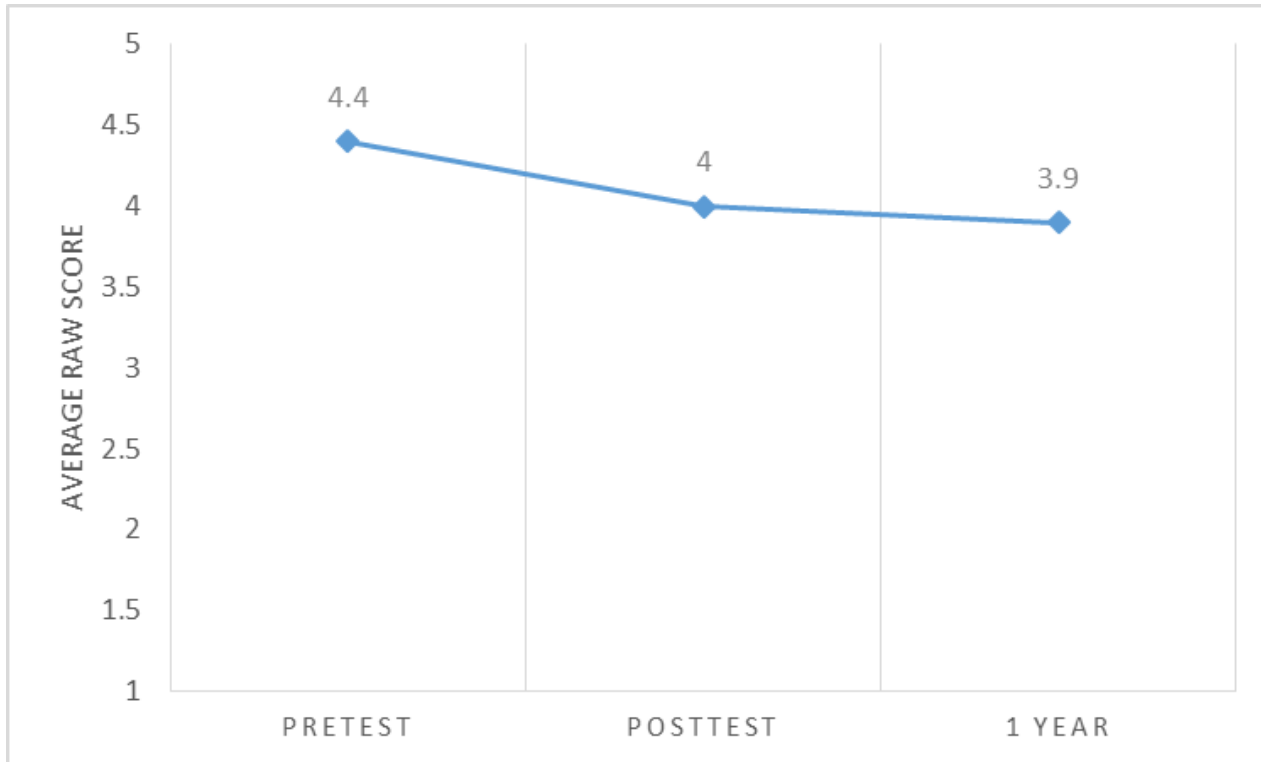

Laxness

Over-Reactivity

Verbosity (n=346)
